

The NIJH 25th Anniversary Accreditation Conference

November 11, 2010

at the

Renaissance Hotel
Newark International Airport
Newark, New Jersey

Rabbi Maurice Lamm, President and Founder of NIJH reflects on "A Quarter of a Century!", on the founding and success of NIJH

"As a Christian working in a Jewish nursing home, I was not aware of many of the observed customs. It was imperative for me to learn and **understand** much of the customs to be able to provide holistic care. Thank you!"

"Toby Katz spoke so movingly about the dignity of the body and her phrase **"the soul made use of the body"** really resonates with me. She clearly spoke from the heart."

Shirley Lamm, Executive Director, NIJH, welcomes the conference participants from 51 hospices across the country

"The conference has significantly **broadened my horizons**. I came having had little understanding of the Jewish culture and I will surely enable my Jewish patients the rites of their beliefs in a most critical time. Thank you."

"The best conference I have attended in 35 years! Excellent speakers, comprehensive information given in a respectful manner. Very **thought provoking** and informative."

"The Poetry of Persistence In End of Life Care" Rabbi Dr. William H. Cutter, Ph. D, Steinberg Emeritus Professor of Human Relations at Hebrew Union College - Jewish Institute of Religion, Los Angeles, California

"Jewish Medical Ethics & End-of-Life Care" Dr. Barry Kinzbrunner, Executive Vice President & Chief Medical Officer, Vitas Innovative Hospice Care

"What an **honor** to be here!"

"Rabbi Grollman's validation for the hospice professionals and the connection to Jewish Law opened my eyes and my mind to the **significance** of what we do for those Jewish patients who are coming to the end of their life."

"As a spiritual person but not part of an organized religion, I've **gained respect** and some understanding of how to work with patients that are religious."

"The variety of speakers and topics greatly **enlightened** different aspects in caring for Jewish patients was **fantastic!**"

"Jewish Family Expectations; Function & Dysfunction" Nehama Glogower, Chaplain, St. Joseph Mercy of Ann Arbor, Michigan

"In the Face of Insanity - How Do Caregivers Maintain Their Balance" Rabbi Dr. Earl Grollman, Ph. D, internationally recognized bereavement counselor and former chairman of the National Center of Death Education.
